We  our patients.

Gold Seal of Approval

Cardiac Rehabilitation
Chest Pain
Heart Failure

“ Choosing to go through this certification process gives us the chance to share the exceptional heart care our team provides our patients every day and helps us improve care for our community. ”
—Dennis Hoover, Administrative Director, Memorial Heart Health

Who is The Joint Commission?

The Joint Commission is an independent, not-for-profit organization and the nation's oldest and largest standards-setting and evaluation body in health care. The Joint Commission has 60 years of recognized and respected excellence and expertise in evaluating clinical care quality in all types of provider settings. Certified programs must demonstrate a systematic approach to care delivery, and a commitment to performance improvement that helps maintain a consistently high-level of quality, reducing the risk of error.

Healthy Yakima.
